

December 2005/January 2006

A merry Christmas and a happy New Year to all members of DaNet!

This has been the first year for the DaNet NewsLetter and we will continue it in 2006. We are grateful for the many contributions and hope that the newsletter has been to good use as source of information and inspiration.

Coming events

The 24th of January 2006 the yearly meeting of the DaNet-Dina-DSIJ will take place at Turbinehallen, Århus. For detailed program of the meeting 'Informatic and Technology in Agriculture' and signing up go to the homepage www.dsjj.dk under ITJ2006.

The 25th of January 2006 at the same place the conference 'Bacon Bytes - Foodware and future Food' is taking place. This conference is the last product of the Technology Foresight project in ICT from farm to fork. More information on: www.teknologiskfremsyn.dk/doc.php?id=447
